ADVENTURE INFLATABLE BOATS

Made for You

■ OUR MATERIALS

Adventure boats are constructed from the finest quality laminated PVC material. This material is manufactured in Germany.

Valmex 1450 gr/m² dark grey features the following desirable qualities; it has high adhesion, and features a strong central polyester rip-stop layer. It is completely impermeable to water and air, and has an extremely long life. In addition, it is completely stable in extremes of heat and cold, is highly resistant to the effects of ozone, petrol and oil, and therefore ensures utter reliability no matter how hard the usage, and no matter what the weather.

Naturally, all accessories supplied with Adventure boats are of the highest quality. All aspects of the boats' construction and design have been executed with the aim of ensuring extreme durability and utility, and to provide the utmost comfort in use. The design features ensure that maintenance is reduced to the absolute minimum, and simultaneously ensure compliance with the most rigid safety requirements. The qualities of seaworthiness and high-speed handling are superb.

■ OUR TECHNOLOGY

All Adventure boats are manufactured using the most modern, automated welding techniques, thus guaranteeing the highest, most consistent standards of quality. The constructional techniques ensure absolute accuracy in assembly, and phenomenal strength in the welded tubes.

■ ADVENTURE BOATS WARRANTY

ADVENTURE LTD., in manufacturing its wide range of inflatable and RIB boats for both amateur and professional usage, is the first Company in Eastern Europe to be awarded the quality certificate type ISO 9001, No. 01/060/026. This reflects the quality checks that are made at each and every stage of construction.

All of our boats meet the standards required for ISO 6185, and meet the requirements of European Standard No. 94/25CE. In addition, they are produced in complete uniformity with Technical Specification TY19366554, 006-2000

Acquisition of your new Adventure boat provides absolute peace of mind; all boats are supplied with a 5 year warranty for the fabric, and a 5 year warranty on all welded seams. It is the Adventure Company's policy to ensure that we retain our reputation for manufacturing boats of the very highest quality, and as a reliable supplier of boats that offer the very best quality at the lowest possible price.

We never lose sight of the fact that our customers deserve the very best product, and the care and pride that we build into our boats ensures that you, our customer, will never be disappointed with your purchase. You will know that your new boat will perform perfectly for many, many years to come.
